I am writing to you to support your continuing to have RFD channel in your programs, and my husband so enjoy this channel because we both grew up in the rural setting on farms. I also enjoy the music shows they producers. Marty Stewart shows Polka Shows, a horse shows, gospel shows, shows with the Presleys were just a few of the very enjoyable shows we watch faithfully every week. I hope haven't become so polarized as to forget these kinds of shows for us seniors. It seems no matter where you turn today everything revolves around the teens and young adults for clothing, music, even in church everything caters to these groups. Please leave RFD TV as it is on our channels. Sincerely, Bonita Gafferty P.S. Remember the teens aren't paying for these programs to come to my home I do.
