We watch RFD-TV on Direct TV. More than 2/3 of our TV time is shared among RFD-TV, selected religious channels, and some seasonal sports. We choose RFD because of its wide variety of wholesome, family-value style programs. We are deeply concerned about the declining moral values in our great Country as are often promoted on the other major networks.

It is sad that we now have to campaign to keep those wholesome, family, God-given principles that once made this country so great. We are very concerned for the future of our grand kids as they grow up in a world that is becoming controlled by just a few power hungry people that have very little concern for the majority of Americans.

PLEASE KEEP RFD-TV AVILABLE! THANK YOU! Phil Rottman
