I watch RFD-TV on Dish. I especially watch the AARP and other town hall shows and the country music shows. I watch shows such as Texas Country Reporter and California Bountiful and occasionally similar shows about other states. I sometimes also watch agricultural shows. I can not find these shows on any other station. RFD-TV is very important to me. Please make sure that RFD-TV remains available to me on Dish, and should I have to change providers I want RFD-TV available to me on any other provider as well.
