On May 28th 2015 we sent to USAC a Form 500 for an Invoice Deadline Extension Request for the above FRN's. We also sent with the form a letter for each FRN stating that the reason for Invoice Deadline Request was because *"the vendor had some problems and couldn't give us the services until now, therefore we are hereby filing now for an approval for an "Extension Request"*.

USAC sent us a letter dated July 14th 2015 and denied our request in full with the reason *"In accordance with the FCC Report and Order (FCC 01-195) released on June 29, 2001 the Administrator may grant an extension of time for the implementation of non-recurring services if the implementation is delayed for circumstances beyond the named service provider's control. You have been unable to establish such circumstances"*.

We are hereby appealing their decision and hereby enclosing a letter which we received from our service provider stating that the implementation of the non-recurring services was delayed for circumstances which was beyond his control.

Sincerely,

Nachman Brach
Administrator

Dear Mr. Joseph Weiss:

As USAC placed a hold on our account which was beyond of our control, therefore we couldn't install anything, but we are now pleased to inform you that USAC is continuing to release funds to our company, therefore we would like to go ahead with the installation of the internal connection for FRN # 2219140, 2219163 and 2219172.

We respectfully request that you file the necessary extensions so we can be sure we will get paid for the work before we continue the job.

Please contact me with any questions or concerns you may have regarding this matter.

Sincerely,
