

Good afternoon! I would like to file a waiver request due to that Mr. Israel Gonzalez resigned and I am now in charge and got a little lost with these applications. I am trying to be reimbursed for year 2014-2015 and am stuck somewhere that I have not been able to get reimbursed. I have not been reimbursed for FRN2651852 Puerto Rico Telephone Company and FRN2800541 Sprint. This is my third request for this reimbursement. I was told to ask for an extension I have done but apparently I have not submitted enough information. I have enclosed with this request, copy of forms of each Company with all application numbers needed.

If you need any other information please let me know.

Thank you very much for your help. Nice day!
