Watch RFD ON ETC Cable, Ellijay, GA

My family and I enjoy watching many hours of RFD programs each week. The programs are wholesome and entertaining; a combination all too often lacking in mainstream TV programs. The loss of RFD would be deeply felt in our home.

One of the main tenets of our country is freedom of choice. Those of us who prefer non-mainstream TV should not be punished by the greed of large networks or providers. It is important that alternatives, such as RFD, be allowed, if not supported.
