

60001561609.txt

When I watch TV I imagine that I am inviting that person or persons into my living room to spend time with me and my family. I can always count on RFD TV to be welcome, polite guests that will leave my family entertained and feeling good. That is seldom the case with the syndicated networks.

It is important that we continue to have programming we can enjoy and trust - and share with our young people without worrying about the content or language. Please help us in our support of RFD TV.

Thank you.
