Proceeding #16-41

Our Family are faithful watchers of RFD-TV on Direct -TV in rural Lancaster, Pa. and want to ask you to please keep this clean, wholesome station on the air. We can let our children and grandchildren watch and don't have to worry about language and filth and smut!! If the FCC could put more good clean stations on the air we would watch them also. Right now our choices are very few--and RFD is a great channel to watch. Thank you, Sam & Anna Mary Glick & Family
