Yes, I am a farmer also. Yes, I and very concerned about our RFD channel. I am a daily listener to it and enjoy more than other channels. I love my music show and especially the Polka Show, Mollie B. for all her hard work. There is a lots I learn for some of the farm show and how people live in other countries. Its a education at time and love it very much. I am at 75 years old widow and this passes my time a whole lot. Why do they want to drop this channel and put other stuff on, what nobody cares for. I lost my husband 10 yrs ago and he fell in love with channel. So, lets try to hold on a long time and enjoy something nice, for a chance. If you want to call me, I can be reached by calling my cell phone 830-203-8613. I am mostly home all the time and will be happy to talk to anyone who calls. I hope it will continue to carry on I just adore it! Thanks!
