I watch RFD-TV on DirecTV and I am writing to Proceeding #16-41.

I was raised on a poultry farm in Oregon and although I have mostly resided in urban areas, I keep in touch with agricultural news and needs. I appreciate the RFD-TV channel for its wholesome philosophy and practice to present current information as well as entertainment suitable for all ages.

I encourage the FCC to continue to make broadcast channel spaces for programming such as RFD-TV offers.

Thank You for your consideration.
