RE: Proposed Transfer of Control of Time Warner Cable, Inc. and Charter Communications Inc. and Proposed Transfer of Control of Bright House Networks from Advance/Newhouse Partnership to Charter Communications Inc.
Docket 15-149

Proposed Assignment or Transfer of Control of Licenses and Authorizations from Cablevision Service Corporation to Altice N.V.
Docket 15-257

Dear Ms. Dortch:

On March 25, 2016, Andrew Jay Schwartzman, counsel for Zoom Telephonics, Inc. (Zoom) spoke very briefly by telephone with Gigi Sohn, Counselor to the Chairman/Chief of Staff and Media Policy Advisor to Commissioner Clyburn with respect to Docket 15-149.

Zoom did not discuss any specific issues relating to Zoom's Petition to Deny in Docket 15-257. However, because similar issues have been raised in that docket, out of an abundance of caution, this notice is being filed in that docket as well.

In the brief conversation, Mr. Schwartzman did not go into the details of Zoom's position with respect to the pending transaction. He spoke in general terms about Zoom's

arguments concerning Sections 201, 202 and Section 629 and the public interest standard of the Communications Act and urged that, if the Commission is disposed to grant the pending applications, that it impose appropriate conditions to protect the currently competitive retail market for cable modems.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Andrew Jay Schwartzman".

Andrew Jay Schwartzman
Counsel to Zoom Telephonics, Inc.

cc. Gigi Sohn
