Dear FCC, we are writing concerning RFD TV. We watch several programs on RFD TV. We (our family) is all the country music shows. My husband watches all the train shows. We enjoyed this station because it has good clean shows for the family. Plus no nasty commercials. We are asking please don't let this be taken off the air. If it's taken off we may consider dropping direct TV. One of the reasons we took the plan we have was to be able to get stuff on country living. Sincerely, Coffin Family
