we watch RFD TV at least 75% of the time where we watch TV. You can always depend on them to have decent family and senior viewing. The network programs are all so full of crime, shooting, sex foul language and gay and lesbian programs. None of this is found on RFD TV. We need RFD TV and weather programs desperately/ Patrick Gottsch and Raquel are doing a great job with RFD-TV. It is very important that we have programs the whole family-children and seniors can enjoy so please keep RFD-TV and weather channels on our TV viewing schedules. Thank you for your consideration of the whole family programming. Charles & Judy Easton.
