Tell us, please this great channel is not going to be taken off the air. We would really miss it, as we listen and watch it at least 10 hours every day. We watch on Direct television the agricultural shows, the country western programs, the Molly B Polka show, the very entertaining tractor shows, rodeos, bull riding and the weather channel every time we leave our northern home for the winter home and reverse that in the spring going back to the north for the great weather predicting. We would really miss not getting the good listening also to the good discussions on the Bible between the different religious views.  
Sincerely,  
Maynard and Esther Gulbranson
