I watch Direct TV Satellite provider. I am a Senior in an assisted living facility in IL. My TV entertainment consists of FOX news, TCM movies and RFDTV. I enjoy the country. And Polish and ethnic music and dancing available during the week and on week-ends. These shows are a reflection of my Polish heritage and bring back memories of days when I could participate in that kind of live entertainment. I would appreciate it if this programming could continue both for me and for my neighbors here at the Senior Assisted Living Residence. Thank you for your help.
