I watch RFD-TV on chanel 345 Direct TV. In regards to proceeding #16-41. I've only had Direct TV for 4 months or thereabouts. But during that period of time, I've enjoyed & developed a habit for RFD-TV. Its exactly the kind of programming I like to watch from Ag-business, to morning news to lone ranger, & Hee Haw, Outstanding programing. There is no other TV station on the air like RFD-TV, we need this station to keep in touch with rural America. This is truly a outstanding run TV station- Please keep it on the air. People like myself who come from a farming background, who now live in the city, we look forward to the Ag-network. God bless you.
