I am a cable customer of "Twin Valley Inc." at Bennington Kansas. My TV is on RFD most of the time for weather, news and most of all good country shows & programs. I am a lover of country music and I have played a band for 34 years retiring the land in 2013. I am in my 80's and all the enjoyment have is listening to RFD station. You give a lot of Seniors a lot of enjoyment and that is all they have left in their last years. Like Mollie B programs, no bad advertising, just clean shows. Please don't take this away from the old people. We love the rodeos. Colleen Lambert.
