I have Charter TV. We watch RFD on there almost every day. We are retired farmers & really enjoy the rural programing that RFD TV offers. If my husband could watch only one Program it would be RFD TV I think it really means a lot to the rural people in our area & small towns. It is the life we live. We are senior citizens & are not able to do a lot of driving so depend on our TV a lot. Please do not allow this RFD TV to be removed from the Dailette & Charter Stations.

To whom it may concern:

Please FCC put a stop to letting them discontinue RFD-TV, the weather channel and other independent channels.

The RFD-TV does a fantastic job of teaching and showing the city and urban people what goes on in the farming world. machinery, crops, cattle, horses, cooking shows, music show - gospel and country - the kind of music the older people like to hear. The Ag. News is the only place on TV that we can get it. Several hours a day for the markets and ag information. They do a fantastic job with this.

If we loose them - my television station will be gone, and my watching will be a thing of the past.

I have Dish

Dear FCC comission. I would like to let you know that I & my family conider this procedure number 16-41 to be serious business for us. We are on Direct TV stations & voted RFD-TV more than any other station.

We say down with the Big conglomerants from Verison in the East. They have no business trying to controll the wishes & desires of people on T.V. stations.

I am an eighty four year old widow. I live alone and I dearly love watching RFD-TV. I love and enjoy the Country music as well as some of the farming and other information.

I have a dish for my viewing, watching RFD-TV is one of my main channels. It is clean, decent and respectable entertainment. Some of us are sick of sex, blood and gore.

I pay a lot of my money each month for my entertainment and I sure dont want to be cut off from Dish TV.

Dear F.C.C. Committee:

Believing that part of your mission is to create and maintain a balanced and multi-dimensional television and radio program offering, I would strongly urge you to preserve the airing of RFD to Ranch and Agricultural households like ours. This doesn't mean that such a program format is only relevant to our interest denominator, but when it comes to such entertainment and current Agricultural/Ranching content, we in this arena have no other option.

Thanking you in advance for your assistance in this matter.

Respectfully submitted,

Subject R.F.D. TV.

I AM going to Be 90 years this year. I served in World War "2" After Service I worked & lived in City. I now live in a small town. & Enjoy my Life.

Because of R.F.D. the programs that they have. I can Relate with them as a K.D most of us either lived or worked on a farm.

R.F.D. Keeps us up on all the New Rules that Farmers have to work with, To us it is important that we know how our Food is Produced.

All their Programming always has something For the Hole Family & they Relate to our every Day Living.

One example, time given to F.F.A programs is the Best as it Brings Boys & Girls From Farms & citys together to Learn How important it is to take Care of the hands & Water & others to protect.

Dear FCC

We watch RFD-TV on Dish Network. This has the kind of TV programming my husband & I enjoy. Sometimes it is the only station we watch as there is nothing else that interests us. They have good wholesome shows that make you feel good. So much of TV today is not worth watching.

We would appreciate it if you will make sure RFD-TV will continue to be there for us.

Dear U.S Farm and Ranching Report,

The farming and ranching people of Conejos County of Colorado watch RFD TV and would like to expose the problem faceing our ranchers that have been grazing their livestock on B.L.M. permits for years. Agriculture is the life blood of the Conejos County of Colorado. This is the same problem that ranchers in Nevada, Oregon, Utah, and other states surrounded by B.L.M. controlled land are hareing. B.L.M controlled lands are owned by the Goverment of the People, By the People, where the People are prevented from useing or enjoying it.

We the people of Conejos County, Colorado would like and appreciate if one of your U.S. Farm and Ranch Report reporters would come out to Conejos County, Colorado to expose to the rest of the country what absentee activists and environmental groups with lobbiest in Washington are doing to prevent agriculture and hunting from thriving on the lands of the People.

We thank you very much and enjoy R.F.D. programing.

To Whom this may concern - I am a regular viewer of RFD channels of 231 and once 232, channel 232 was cancelled in our area. Very upsetting. Now you want to cancel channel 231. Shame on you.

There is so much information and wonderful viewing on the RFD channels. Especially for us living our country style of life. What right do you have when your channels have violence, sexual, swearing almost to the point I quit watching except for news. Let us have our family shows. Please

Sincerely,
Wauneta Livingston
