Direct TV. I live in a rural area in Livermore, CA. where I watch from my Direct TV service. Farming is my lively hood and has been since I was a young teen in California. I watch RFD TV daily; I enjoy Molly B, News, auctions, Larry's Country Diner, morning market reports (cattle, hay, wheat, etc.). The programming on RFD TV provides many programs for all ages. I am 73 and TV channels provide very little options for me that I enjoy. I enjoy RFD TV daily without my RFD TV life would be quite boring. FCC please allow me to continue watching my RFD TV in my home. Thank you for taking your time to read my letter.
