Dear FCC:

I watch RFD-TV on DirecTV, every day. We are a farm family that enjoys everything that station offers us. We believe it is so important for a station like this to reach out as far as it can. It is one of the few stations that can connect city and country. The station is full of information, we would have no idea why it would be even considered to be dropped. If anything it needs to be expanded.
Thank you.
