To FCC:

Disappointment about Verizon FIOS's decision

I am 73 years old handicap men who enjoy RFD TV and royal customer for Verizon FIOS for many years. Our senior and military retiree group enjoys show like Marty Stewart, Presley, Hew Haw, Country Family Reunion, Ray Steven's Nashville, Texas Country Reporter and more of senior programs. I am so disappointed to hear about Verizon FIOS will no longer carry RDT TV station as 31 January 2016. Our senior group meets every Tuesday to get together for coffee and lunch and discussed about Verizon FIOS executives' decision to dropped RFD and we all decided if Verizon FIOS not to carry RFD, we don't have any choice but switch to Direct TV. Please stop targeting, senior, family-oriented programming.
