Chairman Wheeler,

I'm writing to urge you to restore broadband competition by fixing the broken market for high-capacity broadband lines. The FCC must address anti-competitive behavior in this market to reach its goal of delivering better, faster, cheaper broadband to all Americans. The future of our information economy depends on it.

I feel abused by Comcast Xfinity. I spoke with them today and it is just a big machine, I felt so angry and helpless about their horrible business practices that I wanted to cry. Katrina Cephas
