Chairman Wheeler,

I'm writing to urge you to restore broadband competition by fixing the broken market for high-capacity broadband lines. The FCC must address anti-competitive behavior in this market to reach its goal of delivering better, faster, cheaper broadband to all Americans. The future of our information economy depends on it.

In 2006 I got internet for \$12 a month. Now I'm paying \$46 a month. this is TOO expensive. Nancy Barrett
