Re: Refiling of the USAC Annual Report to the FCC

Dear Ms. Dortch:

USAC is refiling our 2015 Annual Report to reflect a correction on page 43 of the High Cost Program, regarding the Total Authorized Support by Component from 1998-2015. The total was erroneously reported and now reflects the correct grand total of \$64,074,913. No other information has been added or modified.

If you have any questions or comments, please contact me (chenderson@usac.org; (202) 776-0200) or USAC Vice President of Stakeholder Engagement Kate Hays (khays@usac.org; (202) 423-2660).

Sincerely,

Chris Henderson
Chief Executive Officer
