Dear Commissioners,

I would like to register my opposition to the proposed merger of Time Warner Cable and Charter Communications. Further consolidation in this industry may serve the interests of the companies that merge but does not serve the interests of the public at large. Despite the claims to the contrary, the oft-touted "economies of scale" never seem to lead to better pricing for consumers, better service in underserved areas, or innovation. We need more competition, not less. Isn't that what capitalism is supposed to be about?

Sincerely,

Bob Drury
