I am opposed to the cable merger. The cable companies are already non-responsive, heavy-handed, and do not care about their subscribers. They have the worse customer service I have ever experienced, that is why I dropped their service in favor of Uverse where I discovered OAN. These companies continue to use their monopolies to influence, and yes, brain-wash the American people. They will carry agenda driven news organizations like Al-Jazeera and MSNBC, but not an unbiased news organization such as OAN. I am not talking about OANs commentaries not being biased, I am only speaking about the actual reporting of the news. It has been the most unbiased reporting on TV. It is the only station that I can receive around the world international news besides war footage. Subscribers should have a say in what the monopolies carry. I want to see OANN on all cable, fiber, and satellite TV, so I have a real choice.
