

60001569668.txt

Dear sir or madam,

I am writing to express concern about the proposed merger involving ATT and satellite television provider Dish.

Smaller channels are consistently leveraged out of the information market place by monopolistic cable and satellite providers.

ATT is threatening to remove OAN's channel, which in my view is an unfair and anti-competitive action.

Please consider the voices of consumers like me who enjoy programming choice.

Sincerely,
Jonathan Mangin
