Dear FEC, 16/11

Im at it again, to keep R-F-D T.V. on the air, Im a 80 year old Senior Citizen & enjoy ever thing about the Net work. & get it on Direct TV & Chanel 345, I usually only use the local chanel for news. & a lot of trash is just Junk. not into any crimes or cops, Heven knows, no wonder were in the mess that we see on the news. It dont seem to get any better, & thank God, for the R F D - T V matter what's on you dont have to see such crim & junk. Love to watch the farm shows, horses & all the old tractors, Reminds me of some of my Dads' tractors, back in 1945, & We had horses first to do plowing, & the new machines, (The Farmes) we would be bad off with out them. Stop & think, they put the bread & butter on your table, love the ant sicle ads, If it goes off I'll dis-connect TV, & Just listen to CD-DVD & radio news. (KEEP-IT on The AiR)!!!

FCC - RE. 16-41

Please reconsider your decision to discontinue RFD-TV and other independent channels. I watch RFD on DirectV. I appreciate that channel very much. Their programs are informative, educational and entertaining. Very important to Rural America. They aren't violent, filled with sex and vulgar language.

I especially enjoy the music programs, Rodeos, Farm, Ranch, Agricultural programs, Cowboy Church, Red Steagall (West of Wall St.)

We, the people, should be able to choose which programs (channels) we want to watch. Not someone in a different lifestyle or culture who thinks they know what is best for us. Thank-you,

Dear FCC, Re: #16-41

I am writing to you because I am very concerned about losing R.F.D. TV. Channel. I watch it daily and on Saturday night for all the music. I'm on Satelite DISH.

Just because we live in rural areas doesn't mean we aren't deserving of all channels.

Please step up & do something for all of us in rural areas.

Thank you for considering this very serious plea; Don't <u>Block</u> R.F.D. TV!!

I watch RFD-TV on Dish

My name is Sharon.

I don't understand why they want to take RFD off of TV. The family enjoys & learns alot of different things about life. At least they aren't seeing some one getting killed or raped.

There are so many channels we don't watch, they are just stupid! Dish must think all people enjoy killing & sex. Well, maybe some due, but not as many as you think.

I believe you are giving bad people idea's on how to do some of those awful things that is shown on TV

RFD-TV is a wonderful channel, Don't get rid of it, please

To whom it may concern like the FCC. Proceding 16-41

Please - please Do NOT Drop R.F.D - TV channels. We are on Direct T.V. network and do love rural channels, it is our only entertainment besides our local channels.

My husband and I are senior citizens and we're supporting Patrick Gottsch in his efforts. We are in North-east Penna. and grew up on a dairy farm. Thank you!

Dear F.C.C., Proceeding Number 16-41 NETWORK
16-41 We recently got a DISH receiver and discovered, among other channels, a farm channel. Since then we have watched the markets, weather, and especially enjoyed the six horse hitch contests. One program was about the FCC not allowing the farm channel to remain on the air. I request that you allow us to have the farm channel to watch when we need it or just to enjoy it.

Yours truly,
Richard C. Cassady

Dear

I am praying that you'll stay on the air!

To R F D.

DOCKET FILE COPY ORIGINAL

I don't think it is wise for the Big City Channels should take R F D off the air. all they are concerned in is showing Programs that shows violence which I think is real Bad. as I look through the Channels When I come to the violent ones I pass them by. It's not good for our children to watch or ~~[illegible]~~ rape. I think that is why we see so much killings on the streets.

I love R F D. that is a good program to watch especially For the Senior people. I know a lot of people that love R F D. ~~[illegible]~~ take it off the air we probably will take Cable off For good.

God Bless you all for having a Keep I wonder Program I pray it stays on the air

Diversity in Broadcast

DOCKET FILE COPY ORIGINAL

Important.
Too much power and
greed allow only the
most #making product.

America needs to
express all of it's
varied culture.

RFD is a Beacon
shining across the
land.

next

You, the FTC, need to require that diversity be able to be available Nation wide.

Of the regional and cultural issues & "Local ways" speak about our entire Country's Beauty.

Do not allow the Greeds to Rule the "air waves". The "PUBLIC AIR WAVES"

Sir I have Direct and I see on 345 you are planing on taking it off the air. I thank RFD 345 is the last station on the TV, the Senior Citizen station, you have plenty of the so called movies star war, and a bunch of 30 minute so called movies arent worth turning the T.V. on and get rid of all this advertising you have on some stations that all you have, I thank its a poor excuse to take the Senior station off the air. I hope that you will change and discontinue wanting to take it off the air

thank you hope that our

~~you~~ you will change your
mind of taking RFD TV. 345
off the air
