

THE PRESIDENT'S SEAL

I'm Identifying myself as a Federal agent superseding the Authority of U.S. Executive Office of the President authority based on the U.S. constitution i am hereby ordering the state of florida to halt all court proceedings immediately until a hearing has been publicly held concerning the violation this will be emailed to all the board members of the Florida Bar (there emails publicly listed on the Florida Bar's website If this Is not Filed with the Supreme Court All the Board Members will be charged With Obstruction of justice (i hope you can see that the link is not working at this time it's ok i

saved all the emails yesterday ) notice by email is legally admissible as evidence. First Amendment since the state of florida is accused of being in violation they may not preside over the case as it's a conflict of interest so this must be filed in federal court .My Identity is S200-200-89-181-0

And ask me why i don't try to work i refuse to work until there a written verdict on this case in a court of law or like i ordered stop all civil and criminal and state proceedings in the state of florida and now stop all nation wide in any jurisdiction under the jurisdiction of the us constitution thats a written and addressed order notified by email which will be presented as proof of notification in court which automatically revokes all sentencing from this date forward to the date of a final judgement in or out of my favor now it's not a matter of if i'm the legal commander and chief its a matter of legal procedure not being followed im not asking you

Im telling you this document has the presidential seal you have to give me a hearing or charge me for its use

First amendment U.S. Constitution
