Weaver of deadline for Filing Invoice Deadline Extension Request for FRN 2676853

To whom this may concern:

The purpose of this letter is to appeal USAC's decision to dismiss Time Warner Cable's (BEN 143028428) request for a deadline extension for Mathis Independent School's FY2014 FRN 2676853. Billed Entity: 141589 FRN: 2676853 471: 981746 SLD Case Number: 22-889305. USAC's response to Time Warner Cable on April 20, 2016 was: "This serves as acknowledgement and dismissal of your request for a deadline extension for the following FRNs: 2676853. Current deadline extension rules and procedures do not allow approval for the reason submitted."

Respectfully, the applicant received service from Time Warner Cable which was invoiced on four accounts generating four separate invoices each month. One of the accounts was discounted through the SPI method early in the funding year which was not fully communicated to the applicant's administrator. The applicant submitted BEARs for the remaining three accounts prior to the invoice deadline of February 25th 2016, which were each denied as the FRN was already set to SPI. The applicant did receive eligible services from Time Warner Cable which would have capped out FRN 2676853 and provided the school district with an additional \$15,023.34 in funding. If an invoice deadline extension is granted Time Warner Cable will retroactively provide the applicant with the missing SPI discounts and invoice USAC directly.
