On March 18, 2016 we receive communication by USAC requesting additional information to the appeal submitted on 18 January 2016. It requested an extension of time because our client was in an official trip and returned on 29 March 2016 to the school.

On 4 April 2016 was sent the information requested by USAC. We indicated that this evidence was not allowed, for what is requested a new extension since we needed to validate if our client had alternate documents as requested by what was not so, the way they comprise the participation of students in the dining room is with the document that we are presenting as evidence in this new appeal.

Please indicate what other alternatives we can work with our client and to help them to achieve the funds approved for the school. Enclosed all the evidence needed to ensure that these funds are approved in its entirety as originally requested.

For additional information, we are available to answer any additional questions.
