Dear Patrick; or To Whom It May Concern!!

"For RFD-TV 16c-41"

R.F.D.T.V. should definitely be left on this Cable T.V Because we watch ~~every~~ program most of the time Every day & ~~and~~ go crazy ~~one~~ on Sat. Because we love every day Hee Haw, Polka parties, Country music. No other channel has that stuff that R.F.D.T.V does.

We had cows, pigs, & horses all our life. Those channels are great. The others don't have none of that.

We strictly enjoy this channel. Please Leave it alone & keep it Playing.

Thank You, Marge Broyles

Dear FCC,

This letter is concerning Proceeding 16-41

I would hate to see you dropping the RFD TV channel. It is very enjoyable to watch. No violence, sex and foul language.

It is important for city kids to learn how and where their food comes from.

I am watching this show from the DirectV network.

Please leave this TV channel on.

Sincerely,

Jane Zanker

Dear FCC, 16-41

We are writing to you to let you know that we do not want RFD-TV taken off the air waves.

My wife and I watch RFD-TV all the time, I'd say 50-55 % of the time we do watch TV.

My favorite shows are the tractor shows and auctions, horse shows and training, plus all the farm shows telling us about the new ways the farmers are getting the job done. I was raised on a farm in Arkansas and farming shows mean a lot to me. There is not another channel that does that.

The shows from Branson, MO are intertaining and we like them very much. The Country Diner, The Country Reporter, The Family re-union with Bill Anderson and all the country

entertainers past and present. Bill Gaither and his singers and so many more.

The other TV networks do not have these kind of shows. Theirs are crime shows, nonsense shows, reality shows, we do not care to watch. That is why we watch RFD-TV more than any other channel. Please do not take RFD-TV off the air.

Thank you respectfully,

Mr. & Mrs. Homer Pinkston

A Special Note...
To FCC 1641

I am surely against the big networks in all there drive to against independent networks, like RFD TV I hope the FCC stops siding with them and see's how a great many people looks forward to see RFD TV family shows not the garbage the networks put out Lot of N.Y. people are with you.

I watch RFD-TV on Venture Communication Cooperative.

RFD is the only Ag, equine, family oriented, senior programming, and we love the old country music programs on RFD-TV. There isn't a day that goes by RFD isn't watched, it's a must in this household. Stop the non sense and leave RFD on the air.

Dear Sirs:

I think it is highly important that our farmers be able to have good marketing advice in this bad farm economy. There are also other valuable programs on RFD for everybody.

Dear FCC

1041

I'm a Widow, And almost 88 yrs. old. Don't take RFD off as its the only Channel you can get the best Music.. I don't watch everything on that Channel but when it comes the evening & the shows like on Thurs. + Fri, and Sat. They are the ones I watch. Sometimes there is something on there I watch I watch also Sunday Nights. Marty + Hee Haw - Midwest Country - Joey & Rory Joey was a beautiful Singer and I loved to see + hear them. Too bad God called her away. Than the Other Gospel [illegible] thing on RFD. is more about life the way I was raised up. So please don't take it off. I just as well not have a T.V. if you do. I was raised on 40 acres, Carried drinking water from a Spring. My folks raised hogs for meat. Cows for Milk + butter Chickens for

eggs & fried chicken for special dinners. No electric or bath room. Swim in rivers. Raised a big garden & canned things for Winter. Picked Wild berries. Like strawberries, ~~goose~~ berry, black berries. wild grapes for jelly. people don't know how to live that way now. Have to every thing for store. don't know where things like that come from. My letter may not count but I want you to know that there are more things about living on that Channel than all others Channels. Shows about farmer how they earn there living Lots & hard work but it teaches one kids ~~they~~ watch it how to live now.

Praying you'll keep RFD on
