We would like to send our support for the independent comm. Carriers.

It dosn't seem fair for them not to have equal opportunity to air their programs the same as the rest

Thank you.

To whom it May Concern:

I'm writing in hopes you will keep RFD TV an independent channel. We watch this network especially the music shows all the time. A wholesome channel, not Viagra and Cialis every other ~~other~~ hour. Up here in Maine, a rural state these are programs we look forward to. I think the FCC should make a point of keeping this channel with locomotives, tractors, and all that concerns farms etc. Thank you.

Carroll W. Hansen

P.S. I sent a letter earlier which was returned due to wrong address.

Re 16-41

We are writing to share our concern regarding the possibility of K7D TV being dropped from the air waves.

We feel it is a vital source of information for our lives & livelihood in the agriculture segment of society's structure.

Also, it provides a welcome relief in the entertainment specter as it brings programs that has something besides murder & mayhem. Therefore, we are watching K7D-TV three-fourths of our time in watching TV.

Please, do not drop K7D-TV from the air!

Respectfully,
Geneva Long

Dear FCC 16-41

Please Keep R.F.D. on T.V also outdoor, weather & other independents.

Without Them I would Drop all Cable T.V Networks.

I watch RFD-TV on Venture Communication Cooperative.

RFD is the only Ag, horse, family oriented, and country music program on TV. There isn't a day that goes by RFD isn't watched, it's a must in this household. Stop the non sense and leave on the air.

Dear FCC:

This letter deals with 1641

I am a farmer in southwest Missouri. We depend on RFD for markets information on products to help us farm. Although farmers are only one percent of the population. We raise food for all of the county plus exports. My carrier is Dish T.V. We need RFD in all parts of the United State so we can tell our story.

Thank yu

Dear FCC 16-41

Please do everything you can to stop Verizon from dropping RFD TV. from TV. We live in a very small town and watch RFD.TV all the time. It is the only decent channel with programs that we senior citizens like to watch. We love all the progams on Friday and Saturday nights. So please stop them from taking RFD TV off the air.

Thank you for any help you can give us.

I watch RFD TV on Direct TV.

Dear FCC, 16 41

We wish that RFD channels could be an option for all networks to could continue publishing these independant channels.

As an agricuturist there is a desperate need for a connection between the farmer and the consumer to be informed ~~for~~ we are only 1% of the world population that is producing food for all the world. Consumers are more concerned under what conditions food is being raised and grown. RFD is the only network to do this huge task & we need more channels. We are connected to Direct TV network. Thanks

We would hate losing RFD TV. You have alot of programs we can't receive on other stations we rely alot on market Ag Report for our farming operation. Ag PHD has insightful information on agriculture for ag businesses. We enjoy the SF Machinery Show, Machinery Pete, Classic Tractor Fever, Mecum Auctions, Rural Evening News, This week in Agrubusiness, and U.S. Farm Report.

On the lighter side Hee Haw, the Lone Ranger, Roy Rogers Show, Mollie B Polka Party, Texas Country Reporter, Small Town Big Deal, Postcards From Nebraska, The Gaither Gospel Hour, Rose Bowl Parade, The American, and many many more programs that we enjoy we can't receive on other Stations.

DEAR FRIENDS,

RECENTLY A FRIEND INTRODUCED ME TO RFD TV. IT IS WONDERFUL!

FINALLY THERE IS A CHANNEL THAT HAS CLEAN, HAPPY AND CHRISTIAN PROGRAMS.

GOOD MUSIC AND CLEAN FUN. IT ALSO SHOWS NON-FARMERS AND ANIMAL LOVERS WHAT REAL LIFE IS LIKE IN THE COUNTRY.

NOW THAT I AM RETIRED FROM THE HORSE BUSINESS IT DOES MY HEART GOOD TO SEE GOOD TRAINERS.

PLEASE, PLEASE KEEP THIS CHANNEL UP AND RUNNING!!

SINCERLY,

Betsey E. Erickson

Dear FCC 16-41:

Please protect independent programming for rural American Seniors.

Rural is number one issue as we watch RFD-TV mostly 95 per cent of the time. RFD-TV is important to us rural people. We like to watch agriculture reports, the weather, rodeos, country music shows, polka shows, U.S. Farm Reports, western sports, country shows or any thing that comes on RFD-TV.

We have to pay Dish in order to watch RFD-TV.

Dear FCC-16-41"

We object to taking RFD-TV off the air. We have Direct TV. We watch this station all the time. We farmed for all our life, and this is very important to us. We farmed for 60 yrs, but farming has been in our family for 100 yrs. We feel we are deserving of this service. We can't believe you would drop this program (or station) and leave so many of the people without this program. We know people who weren't farmers and watch it a lot. Please don't block our RFD-TV station from Direct TV.

We are senior citizens so we get to watch a lot of TV with our main channel being RFDTV. We like the cattle auctions, the tractor auctions and the tractor shows, the 4-H and FFA shows, watch all the National FFA Convention we can. the country and gospel music shows, the weather and market up dates. We have cattle on our farm and do hay in summer so there is a lot of things that would help us. So please keep RFD TV on for all the country people. Thanks

Dear FCC

Our daughter put in Direct TV for us not to long ago.

We enjoy the programs on this station, as senior people we feel the people in control to realize we do not like the new programs that young people might like. Please see that the programs that seniors look at are not taken off the air.

Sometimes we look at tape, because most programs are trash and not what we thank made this country, years ago— There is enough of all the other programs on the air, please leave this one alone.

You need to tell these company people to stop all this pressure.

Sincerely,

Mildred Clack

Dear Sirs,

I watch RFD-TV on dish network. Have since RFD-TV first came on the air! It is my eye on the world through ag news, education, cooking, Molly B and B.Joe polka, bluegrass, quilting and Western sports and etc.

Never have I watched a program or advertisement that I didn't approve of. I have learned a lot about farming and animals. Since I'm tied to a wheel chair 24-7 it is my life. After a serious illness and my 84 yrs of age I don't read newspapers anymore. So please take this message seriously and make this wise right.

Dear FCC,

First of all, I'd like to say how much I enjoy RFD-TV's unique variety of programming here in Dallas,Tx.via Direct TV's channel 345.

Specifically,I enjoy their way of spotlighting certain of the country in rural areas of interest and concern that most of us might never hear about otherwise.

RFD-TV is a wholesome and educational source for the whole family and I believe brings an appreciation of life almost totally absent on regular news channels.

Some of the particular programs that I like are: California Grown,The Kenneth Sport Show which showcases talent fromaround the country.Also,I enjoy the Mollie B and MidWest Country etc along with the equestrian programs.

It is my wish that FCC will keep RFD-TV on satellite and cable access.

Sincerely,

Dolores Klopp

To Whom It May Concern:

I want to tell you what the R & D channel does to lots of people over 60 yrs. of age.

We always enjoy good clean fun and country singing from years gone by.

Im 81 yrs old and love the Larry Country Diner & all the other country music shows.

In the world of today, there is so much smut & unclean jokes that it means a lot to have a wonderful TV show we can be proud of to show our kids & family, young & older.

Please save this very important channel for us older folks who still appreciate clean T.V.

Thanks,

There is something wrong with The American economic system when The "grass-roots" American farmer must fight for his rights for farm-ORIENTED Television RFD ON Direct TV against AN URBAN CONGLOMERATE.

We have farmed for over fifty years and are NEARING 77 years of life. What Little Time or energy we have left after our Ten-hour + work day, we TURN To RFD TV for family ORIENTED, rural INFORMATION, market reports, weather reports, Senior programs and outdoor programs.

Do NOT Take away our SOURCE of information or CRITICIZE The American farmer with your mouth full. We Need you and You Need US!

Dear FCC

Just wanted you to know, I'm a 85 year woman he listens to RFD-TV.

I'm a dish subscriber that does carry RFD. In fact I wouldn't subscribe to any network that didn't have RFD.

For along time Sat. nights has been set aside to watch country music & Molly B. also Mollie B on Wed. night.

Of course there are more programs I watch - like Texas Reporter, Rural News - Big Giants.

My Best To You in helping other stations to carry RFD TV.

God BLESS
