Dear FCC, proceeding number **16-41**

My husband Don and I watch RFD-TV on Direct TV. We enjoy the Good and Clean Programs such as Postcard from Nebraska, the programs for the farmers, the rodeos, Hee Haw, Texas Country Reporter and the auctions of farming equipment. These programs and others are a joy to watch. The biggest time of our Television watching is done on RFD-TV.

We would like for you to consider letting people same as us continue watch our programs by the Independent Broadcasters.

We thank you for your considering this.

Sincerely,

Marie Bevis

Dear FCC 1641 dish customer

My name is Gerald Colvin, 6560 N. Bethel, Clovis, Ca. 93619 area code 559/974/5341

At seventy four years young, I still have cattle, work my ranch & work as a farrier. I am farm raised & very thankful I know where eggs & milk come from. My opinion is the urban lifestyle needs RFD/TV to learn where our food & fiber comes from. Personally, I watch these channels, DIY, FNSP, WEATHER, public broadcasting & RFD, with RFD being most important. Please consider this, there are some folks who don't want sex, violence & media bias on their screen.

To whom it may concern;

I was living up on Deep RFD

family friend. I kept him
protecting on the Kamilche Time

bad vibes. Today stroke as I thought
it could be it because of two on
TV. Like playing with pistols,
rifles and knives. You
need to get rid of police stories,
crime shows, other awful scary
shows & stories. Kids, be shielded
ideas from a rough childhood. I need
to be given all of the bad ideas to
do and that has gone on today. All
of these sexy family problems on Judge
Program on TV. RFD is one that
we all need to get to learn, not
murders, sex, robbing and raping
to depend & take it to tomorrow
to be better living and on a better
world. Country living and being
a good help on the Ranch it

I watch RFD-TV on Cobalt TV.

Please do not discontinue this channel and stop the threats to do so. It is family oriented and agriculturally based. All the equine and senior American programs have unsurpassed value and should be protected.

Let's use common sense and keep decent programs to help our country.

To FCCC

I am writing this asking you to support & Keep RFDTV. They offer good family programs & clean entertainment to have family members enjoy.

The TV Companies keeping pushing all those movies that have so much shooting & killing in, I feel they are out to destroy Americans way of thinking.

So please keep RFDTV & other good stations that provide good family entertainment.

Thank you.

Dear FCC,
16-41

First of all we are disppointed with what has been happening! We are BIG Fans of RFD and alot of the programs ~ We still need to explain Country life to all ages. Where there is still basic And a Great Life to be lived. Shows on RFD are comfortable to watch with any age of family members. We are retired farmers; my husband enjoys so many shows A.M. afternoon and evenings!! Our hearts goes out for Rory Feek and family ~ that was a good family show. (too bad [illegible] a full hour show) like Machinery [illegible] shop shows; A&E shows; Ranch shows; Machinery Pete [illegible] Little Britches [illegible]

Dear FCC,

My family listens & watch RFD-TV most of the time. We like the variety of programs. Rodeo, cooking, music, weather, working with horses, farming, machinery shows, FFA

Farming has been our life, raising Beef cattle, hogs, hay, corn & soybeans. Our friends in the cities need to know were their food is grown and the work required to get the products from planting to get to the grocery for all of us have good food. Some doesn't relize the hard work it takes the get it to market. Farmers are proud people and want the best for the people. There is more to it than go to the store & get it.
