**Re: WC Docket No. 10-90
Mt. Horeb Telephone Company
Challenge to A-CAM V2.2 Competitive Coverage**

Dear Ms. Dortch:

On behalf of Mt. Horeb Telephone Company (“MHTC”), JSI files the attached MHTC comments to challenge the competitive coverage contained in Alternative Connect America Cost Model (“A-CAM”) version 2.2 pursuant to the streamlined challenge process established by Public Notice.¹

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590
jkuykendall@jsitel.com

¹ See Wireline Competition Bureau Releases Alternative Connect America Cost Model Version 2.2 and Illustrative Results and Commences Challenge Process to Competitive Coverage, WC Docket No. 10-90, Public Notice (rel. Apr. 7, 2016) (“Public Notice”).

provided service in this area since the early 1900s, management and staff live in the area, know our customers and participate in the community.

The Company's Study Area Code ("SAC") is 330916 and its FCC Registration Number ("FRN") is 2719045. As further outlined below, the Company maintains that the latest version of the A-CAM contains errors that are impacting the total number of locations eligible for support by excluding census blocks where Form 477 data erroneously indicates the presence of unsubsidized competitive providers. These errors in the A-CAM model reduces MHTC's potential model-based support.

Through this petition, MHTC is not challenging all competitive overlap information within the A-CAM for its study area, as there is an unsubsidized competitor operating in a few of the Company's census blocks in compliance with the Commission's standards, but there are certain census blocks that contain erroneous competitive overlap findings, which MHTC is seeking to have corrected in the next release of the A-CAM.

II. DEMONSTRATION OF ERRONEOUS COMPETITIVE FORM 477 DATA

In regard to unsubsidized competitors identified in certain census blocks within MHTC's study area in the latest A-CAM, the Company submits challenges to the following provider based primarily on grounds that their broadband service offerings do not meet the FCC's criteria to be considered an unsubsidized competitor, because they do not provide service in the blocks we have identified.

As the FCC noted in its *USF Reform Order*, in order to be considered an unsubsidized competitor, a provider must offer broadband service that is at least capable of providing 10/1 Mbps service within a rate-of-return carrier's study area.³ However, as further addressed below, the identified competitive provider does not offer broadband service in census blocks within the Company's study area.

³ *USF Reform Order* at footnote 31.

According to the A-CAM, Charter Communication, Inc offers cable modem services (technology code 42) in census block 550499505001019, 550499505001015, 550250127001110, 550250127001062, 550250127001064, 550250128003100, 550250128003106, 550250128003115, 550250128004076, 550250128004039 and 550250128004022 in MHTC's study area. The competitive overlap data in the A-CAM is based on FCC Form 477 data submitted by Charter Communications (data as of June 30, 2015). As demonstrated in Attachment 1, Charter Communications does not offer any broadband service in the blocks identified above in MHTC's study area. Accordingly, Charter Communication erroneously reported these blocks as one in which it offers broadband service and, in the next release of the A-CAM, this block should be not be shown as one in which Charter Communications offers service as an unsubsidized competitor.

Attachment 1 identifies the census blocks we are challenging, we have verified on Charter Communication's own website that Charter Communication does not serve the census blocks we are challenging. Attachment 1 identifies the Census Block challenged and a large sampling of the address in that block.

III. CONCLUSION

For the reasons stated above, MHTC respectfully requests, pursuant to the *Public Notice* and paragraph 71 of the *USF Reform Order*, that the Commission find the evidence submitted herein to be sufficient to correct the erroneous exclusion of certain census blocks in the latest A-CAM such that MHTC can make an informed decision as to whether or not it wishes to opt for model-based support and to such other relief, as the Company may be justly entitled.

Respectfully submitted,

/s/ John A Klarer
General Manager
