

EXHIBIT 1

DECLARATION OF LEEANNE PEARSON

I, LeeAnne Pearson, am over the age of eighteen, competent to testify and provide this statement under penalty of perjury. I am employed as an Engineering Tech for Cascade Utilities, Inc. d/b/a Reliance Connects and make this Declaration in that capacity.

As an Engineering Tech, I am very familiar with the outside plant employed by Reliance Connects and where the competitors are present. I reviewed the FCC Form 477 data and noticed that Comcast was listed as serving Census Block 410050242002075 ("Census Block"). I did not think this was accurate as I am aware from my personal experience that they do not have cable facilities present in the Census Block. A physical survey of the area confirmed that fact.

In addition, in order to confirm whether Comcast could serve the Census Block or not, I went on Comcast's web site and used their online tool to determine if service was present. I entered an address that I knew was within the confines of the Census Block. That address is 33160 SE Regan Hill Road with a zip code of 97023. When I entered that information in Comcast's online tool, the response came back "We're sorry. Comcast service is not currently available at this address." A copy of the screenshot of the Comcast web site page is attached as Exhibit A.

This web site search was conducted on April 27, 2016.

This Declaration is made as of the 28th day of April, 2016.
