

Exhibit E

DECLARATION OF Polar Communications Mutual Aid Corporation

I, Dave Dunning, state as follows:

1. I am Chief Executive Officer/General Manager of Polar Communications Mutual Aid Corporation (the "Company"). I have personal and direct knowledge of the Company's service area and its competitive overlap with neighboring incumbent local exchange carriers ("ILECs"). Based upon my personal and direct knowledge, I verify the truth and accuracy of the information contained herein.
2. The Company does not offer voice and/or broadband service within the study area of Inter-Community Telephone Company. The 8 Census blocks identified as overlapping with Inter-Community in version 2.2 of the Alternative Connect America Cost Model ("A-CAM"), in fact, are census blocks along the borders of Company's and Inter-Community's respective study areas. Within these "border" census blocks, the Company and Inter-Community provide service to distinct, non-overlapping portions of the census blocks.
3. Within its study area(s), the Company receives support from the federal universal service fund, including Interstate Common Line Support (ICLS), High Cost Loop Fund Support, and CAF-ICC Support.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on April 27, 2016
