Notes 3/23/16

We were just able to get the RFD channel from our cable Co. about 6 mos. ago. We are elderly people and that is our favorite Channel. Please do not take it away from us elderly people.

We love Molly B Polka as well as all the country shows on Friday & Sat. night. We are watching Molly B as I write this. Please think about all the people you are hurting if you take it off the air.

Regards

Joyce Kidder

Wonderful
RFD-TV. folks

We just can't believe that such a good program can be taken away because it has been in such good management for so many years. We have never met anyone that had anything against it. What us & all friends & neighbors like about it that it is always informative; weather, machinery, crops, people, animals, cattle market, crop market, everything that pertains to making a living etc. And when you have children and RFD is on you don't have to worry about all the filth that is on some other stations. Oh, the wonderful music: MOLLY B & the others. RFD doesn't miss a thing and this group around here all love it.

PLEASE HANG IN THere!

Dear FCC, Proceeding number 16-41,

I watch RFD-TV on Mediacom. I really learn a lot on that channel. I appreciate their humility and that they report on the facts, not just their opinions. This channel is important to not just only farmers but also can teach urban communities more about where their food comes from among many other things. I did not grow up on a farm but this is one of the channels I watch regularly. It's a shame that big urban companies think they can run the show. This should not be! Farmers should have a voice too.

Thank you,

Please don't force to drop RFD-TV. Look so forward to weekends t-just to watch it all. The programming of it means way so much to me, especially on the weekends when the oldies + new ones between country programs are on. Please don't do this to me + thousands of others. We all get to see so many of our favorite singers, some of whom have already passed on. We all got to meet Joey + Rory + now - She's gone. She was so special. Please - please don't do this. I beg of you. I'm 77 years old + enjoy my oldies on TV so much. An RFD TV lover.

I watch RFD TV on DISH Satellite TV.

Please DO NOT remove RFD TV. I watch it almost exclusively. It is most informative, non-biased, nor does it have a political agenda, unlike large cable companies. It is a valuable source of up to date information for our farmers, who are the source of our wonderful food and exports. The programming is ethical , wholesome and intelligent as well as good family entertainment . It is devoid of CRAP like you see on other large cable networks.
The programming on RFD is conducive to seniors and families.
I truly appeciate that RFD does NOT lower it's ethical standards and show programs of sex or violence.
What a waste of human minds to watch such garbage of sex and violence.
RFD is a leader of intelligent, prudent, good learning, honest and mind building programming.

Please KEEP RFD TV as it is for the sake of , we the people, who enjoy and appreciate the HIGHEST QUALITY programming.

Thank you,
Mary Adler

I watched RFD-TV on Verizon FIOS until it was taken off.

This was the one evening of the week I looked forward to. I enjoyed the programming from early in the evening right on through Larry's Diner. There are no other programs like those. Please bring them back.

Dear FCC

Regarding Proceeding Number: 16-14, I would like to comment. As a viewer of RFD-TV since its inception I would be "lost" without it. I have been a Direct-TV customer since 2001.

Although my plan has changed several times I have been emphatic about wanting RFD-TV included as a viewing option. I can trust those companies who advertise on this channel.

I am an 80 year old woman. I still enjoy life and like to learn. I find that RFD-TV presents such varied programs that they are a "rival" to the Public Broadcasting offerings.

I start each year by watching the "Rose Parade" on this chanel. It is a pleasure to actually view and hear the bands. After working hard to earn money for transportation and other expenses, each band deserves to be heard. This does not always happen on the major networks!! Also, I enjoy wathcing the FFA Convention. Being from southern Indiana, these past few years I have had a "front row seat" while sitting in my livingroom. However, the major network news gives about three (3) minutes to these young people. They would give the same "equal time" if these young people were causing a disturbance. Thanks to RFD_TV I get to say that there are many young people with a "healthy attitude" toward our country and wish to contribute in a positive way to its future.

I could continue. I will close by saying thank you for your consideration of this matter.

Sincerely

Edith Harper Key

To FCC,

I'm writing to urge you to protect the wonderful

RFD-TV

It is the only station I really care about.
There are so many programs that are informative. Learning about other States, other people.
I also like the intertainment--
Music - especially Mollie B Polka -

If I didn't have RFD-TV + Rural Media --- I would give up TV altogether.

Scott discovered "RFDTV" one day as he was flipping through the channels, it caught his interest, and we have been enjoying the programming ever since!

This is a list of some of the programs we watch:

The Machinery Show
Machinery Pete TV
Gentle Giants
Mecum Gone Farming Auctions
NTPA Tractor Pulls
Weather Updates
Classic Tractor Fever

Rural Heritage
Daily Market Report

The Ag reporting style holds your interest. (The only other Ag reporting is Local PBS and some Local channels.)
Other stations do not show weekly Tractor Pulls and they are much of what we enjoy.

Please DO NOT TAKE "RFD TV" away from us!

Sincerely,
Sara Jo Albaugh

Dear Sir:

Stop now allowing urban base companies from interfering with wanting to take the least TV slave period, or TV. off of the air! RFD

If this does not stop, I will discontinue my service with any TV company! Not only myself, but several of my family members, neighbors and friends, will stop watching their ~~companies~~ TV's, if they are on too. Leave RFD alone! It is one of the most loved channels ever put on the air!

I have friends, & family members, that don't get RFD on their TV., they come to my house, to watch RFD programs! They are actually switching to other companies that offer RFD station! So Stop these crazy people!

There is more to enjoy on RFD TV, than any other channel that's on TV (period!

You will loose in the end, if this station doesn't stay on the air!

I am receiving my programs through Directv. Thank God for RFD, & all of it's supporters!!!

Keep RFD on the air, & stop threatening us, with taking it off! Use your authority!

Thank you,
Joan Caldwell

P.S.
Looking forward to keeping watching our beloved!

Dear FCC
And RFD TV
I am writing to help keep RFDTV on all channels they want to be on. I watch over Medicom cable. I am a farm born lady of 87 years old. I love watching RFD. I won't take time to write all I watch on RFDTV — but a lot. Don't have to worry about any set or ~~program~~ channel. It is ALL good programming and so informative and educational. So please please don't let RFDTV be removed.
