To whom it may concern;

We have enjoyed the music on RFD-T.V. for some time and hope you don't decide to cancel it. We are seniors and ~~we~~ live in the Dalles, Oregon and know quite a few people who also enjoy the station. We look forward to every weekend. We also appreciate the fact that they like to honor the Lord. You won't find that on the "alphabet" stations (ABC-NBC-CBS-CNN.) we are always hoping that a little more music will show up but we are glad for that. It's the only station with music!

Keep it up!!

Sincerely,

Robert & Nadine

To Whom It May Concern:

We are writing again to let you know that we are disturbed to here that you mean to try and block the shows on RFDTV. We feel very badly about this as we get so very much enjoyment from this channel.

The shows contain so many good memories of our times when we were younger and full of the energy they seem to show on many of the shows. The older singers are wonderful as they sing the old ballads and especially the religious and spiritual hymns. We sing right along with them. Please don't take this time away from us. We so enjoy all the shows RFDTV offers.

From the bottom of our hearts PLEASE DO NOT DISCONTINUE RFDTV

Thank you for your time

Dear FCC Re: Proceeding # 16-41

Please do what you can to keep
the large urban based cable companies
from dropping + or blocking the
independent stations - especially the
RFD-TV programming. We, in
the rural areas of America need rural
programming.

To the FCC

I'm now writing to voice my concern for dropped or cut stations that these big urban satellite and cable TV like to do. When I signed an agreement with Dish networks I agreed to a package deal which included USA and RFDTV.

Now they want to drop these stations and maybe more. I'm now a senior citizen ~~DOCKET FILE COPY ORIGINAL~~ is a family station and is an educational channel also, and I enjoy it. I ask that stop these people from dropping these stations.

Sincerely

Donald Whitley

Dear FCC, Proceeding Number 16-41

I watch RFD-TV on DirectTV. I am writing to express to you how important this television network is to our family. In the many years that we have been able to watch this station, we have grown to love its programming. In fact, I can honestly say it is our favorite channel. It is not only entertaining, but also very educational. Even though we live in the city and are not farmers, we do garden and like to call ourselves small farmers. I have learned, through RFD-TV, a lot about all that farmers do to provide food to this country and in some cases to other parts of the world. I find it's fascinating to see all the amazing equipment and vast acres of land needed to provide our food.

Being a lifetime city girl, I am surprised at how RFD has made me want to live in the country and on a farm, and ride horses. Even though it may be a rural-oriented network, I think it is for everyone who wants clean, family entertainment. My husband and I are especially entertained because of all the great musical programming. We stay glued to RFD-TV on Saturday nights from 8:00 p.m. to 1:00 a.m. to take in all the music and dancing shows. I could go on and on in support of my now favorite channel RFD-TV! I even watch their rural news as much as the national news.

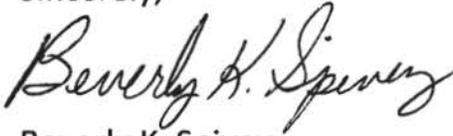

I think everyone should be given the opportunity to be able to watch RFD-TV. However, not all can because some cable and/or satellite systems have either stopped carrying this network or have blocked it unless their customers pay an extra fee. Not everyone can afford this. When we had Charter Cable, we had to pay an extra \$10.00 per month to get this station which they grouped in with a bunch of junk stations. When their prices kept going up, we looked into subscribing to DirectTV. Before I would make the commitment, I called them to

ask if they carried RFD-TV and was it included in their lowest-priced plan. I explained to them that getting RFD-TV would be the "determining factor" (my exact words) as to whether or not we would switch. I am so glad it was included (at no extra charge I'm glad to say).

I hope you will please use your authority to put a stop to the blocking of independent rural RFD-TV by some cable and satellite systems. We need this network.

Thank you.

Sincerely,

RE RFDTV Station

It is my understanding that Verizon and other big networks
Are trying to keep stations like RFD off the air, and put on
Programming that they want.

Our family is protesting this action,for the following reasons;
We all enjoy our agriculture programs, our music programs,
Which is great. We enjoy all the programs that RFD has for all
The seniors in this household. PLEASE PLEASE REVIEW
This problem and hopefully you will see the error of what this
Will do if it is allowed to be successful.

Thank you for your time and careful consideration.

Sincerely,

Dear Sirs;

Please help if you can, -and I'm sure you can. I'm in a dilemma. I find very little programing on either Dish or Direct TV Satellite that I would consider satisfactory.

There is one channel, however, -being one of a few,- that I prefer over most. That channel is RFDTV. I hear there is a determination by some in controlling and authorizing positions to have RFDTV dropped from programing slots, I consider this to be hateful, selfish and discriminatory because I believe there are many others with the same concern as I. If you can and will prevent this from happening I would be grateful.

Yours truly,
Andrew E Rogers

I am writing to ask you not
take RFD off the air.

I am an 80 old widow and I
enjoy all the shows on that
station.

I am a Direct TV subscriber

Dear ffc,proceeding # 16-41

I watched RFD-TV Over 50 % of the time until Verison Fios removed it. I have inquired about changing to Direct TV, but they don't offer a bundle that includes phone and internet in our area.

I am waiting to see if the FCC will help us get RFD-TV back before I make a change. If Fcc doesent help, I will keep Verizon for phone and internet but change to Direct for TV.

"To Whom it May Concern"

I am a Senior Citizen who
watches RFD Programming all
the time. We Seniors have nothing in
common with the Modern Music
today. Country Music now is so
dirty & doesn't even tell a story!
I bet the young people won't be
yelling & screaming to that sound
when they are older.
