To Whom It May Concern:

It was recently brought to
our attention that you purposed
taking R F D off the air. We feel
this would be a big mistake as
there are so many good,
interesting, and educational
programs on this channel. Two
is one of the few channels that
has high moral standards. Please
begin on the air.

Sincerely,
Tom Schultz

Please, Please,
Keep RFD-TV on for
all us older folks
& Country people.
If we did not have
this, our T.V's would
not be worth much.
We have got several
people on RFD TV just
by talking about the
programs they have on.

So please do not
take this away from
us.

Dear FCC proceeding Number 16-41

We Watch RFD-TV on Time Warner Cable. We are asking you to keep RFD on T.V. The music is like therapy. It is good for the mind and soul. I say this because We enjoy both country and gospel music. It is good clean fun to sit down, relax and listen to these musicians perform and sing.

I grew up in the rural area of Leslie County, Ky. My family and I listened to the music on the radio. My husband grew up in the city in Ohio but he also loves to listen to RFD station.

We would like to encourage you to keep RFD on T.V. because this is one of our favorite stations. There's no crime or drugs on this station. We can not imagine not having RFD station to watch because it would be like having no music at all. This music is only a part of America.

To whom it May Concern
This is in support of
RFD-TV Network which
we watch on Dish Satilite.
We live in southwest Oregon
where the mountains or 3 to 10
thousand feet high and there are
many small communities that
either get poor TV reception or
it is non existent because of
the thousands of canyons that
we live in. We are retired
and R 30 + Rural are a
big part of our viewing so we
are very grateful for RFDtv
and other independent networks
Thank yo

I am writing you'all concerning the issue of Verizon wanting to drop RFD TV From its viewing format. I cannot for the life of me understand why a good quality wholesome & informative show or channel would even be considered to be dropped. This channel has something for anyone who has agricultural roots or background from the farmer to the consumer. I watch the RFD Channel on Direct TV every day I use it for market information to help me make decisions in my farming operation. I also find the ag topics to be

quite informative. I hope you can see what a loss this would be to anyone who cannot access the channel I trust you will make the right decision in this matter.

Thank you & God Bless

Sincerely

To Whom It May Concern:

RFD TV is a very important station. It gives farmers and cattlemen much needed information that they can't get anyplace else. It has a variety entertainment. I especially enjoy Hee Haw, Family Reunion, Marty Stuart, Midwest Country and Ray Stevens. I am not able to get out of my house much on weekends. RFD TV makes my weekends happy and enjoyable.

Please do not let the big
