I watch RFD Channel 570 on AT&T UVERSE I'm writing to tell that I song lyrics support independent and public television. I hope the government stands up and does the right thing preventing these stations from being squeezed off the air. I support the men and would who take a stand too look out for the "little people ". This is part of the reason the US government is in the shape it is. No one stands up for what is the right thing to do. Our country has been built on small companies and it is wrong for larger companies to bully them out of business.
