ATTN: PATRICK GOTTSCH,

FCC 1641

We have R.F.D. TV. thru Comcast in Brattleboro, Vermont. I am 84 years old and my husband is 86 years old. We both suffer from arthritis so are mostly house bound, so depend on the TV. for interdinment and News Channels. Mostly we Watch R.F.D. TV, all the Country Music shows. If R.F.D. TV is taken away we might as Well Cancel Cable as there is nothing else we care to watch. Mr. Gattsch, Please keep fighting to keep RFD TV. on the air for all the Senior Citizens. Thank-you so much for all you are doing for us.

To Whom It Concerns: FCC, & more...

Dear Sirs, please considering keeping the quality programming of RFDTV for, I'm certain, a very large segment of the TV viewing audience. Not just us seniors, but lovers of excellent, quality music. Where can one find a better display of pure musicianship than the Marty Stuart Show? I'd say: NO where but RFDTV!!

Please keep this programming! It's just the right thing to do!!

To FCC:

I watch on Direct TV,

all TV watchers, both urban & rural, need RFD TV.

as orien Samuelson of "This week in agribusiness", on RFD said "If you eat, you are involved in agriculture."

as Dr. Pol, the veterarian from michigan said, most americans dont know where their food comes from.

a fourth grade teacher on RFD stated that a lot of her students were shocked when they found out that potatoes came out of the ground.

I like RFD TV for a number of reasons including how the problem with Greek Grape ~~Can~~ effect the price of food grown here in the U.S.

Sincerly yours,

Ralph Zartwell

THROUGH: RFD-TV

I HAVE BEEN EXTREMELY FORTUNATE TO HAVE MY DISH NETWORK SUBSCRIPTION CARRY RFD.

THIS SERVICE REPRESENTS WHAT IS GREAT ABOUT AMERICA AND FREEDOM TO TUNE INTO RFD.

MY FATHER WORKED FOR THE UNION PACIFIC RAILROAD FOR HIS WORKING LIFE. HIS EMPLOYMENT BEGAN IN THE MIDWEST AND BY THE TIME HE REACHED WYOMING HE DECIDED TO APPLY FOR A PERMANENT JOB THROUGH TRACK MAINTENANCE.

ACCORDINGLY TRAINS & LOCOMOTIVES IS A MUST VIEW IN MY WEEKLY TV WATCHING & FOLLOWED BY HIDDEN HERITAGE.

I TRUST FCC WILL REVIEW QUESTIONABLE PRACTICES IN QUALITY PROGRAMMING & PENALIZE VERIZON FIOS

Dear FCC 1641,

My husband and I love watching RFDTV on our TV. It would be a shame to take away our opportunity to watch listings on RFD-TV since we truly love the programs they put on the channel.

Please allow the smaller shows to entertain us as it is a choice all paid programming should leave it to the people who pay for cable or satellite so we pay for what we want. A variety is good for business. This is how we feel. Please leave RFD-TV alone.

Thank you Sincerely,

Don & Sherry Taylor

Dear FCC

I'll begin this letter with this "Liberty Quote" I recently read in a Farm Show magazine. "The deterioration of every government begins with the decay of the principles on which it was founded."

R.F.D. TV more than any network that I know of supports those principals that made this country the greatest nation in world to live and work. RFD TV is reconnecting the urban with the rural community and educating the urban about what it takes to put food on their table, while also providing good-clean family entertainment for both the young and older. RFD TV has a wide selection of shows which I like to watch, which aren't provided by anyothe channel. With all of all the channels available it looks like there should be at least one channel left for an ag. program. after all agriculture feeds each and everyone of us.

DOCKET FILE COPY ORIGINAL

I also feel very strongly that you should force Verison and anyothe network that dropped RFD TV to reinstate (RFD TV) that service to their customers, after all it was included in the contract the customer signed.

This country so desperatly needs to reconnect to its rural roots and rural moral values that I hope you don't let anymore networks drop RFD TV

Dear FCC - RFD TV 16-41

We watch RFD TV on Dish Sight cable. We want you to know that we will be very upset if they take RFD TV off the air. It's the only channel with country & old time music & all family programs. Also for farmers, it is so great. We used to be farmers we're sick of all the trashy stuff on T.V. these days. So please don't let them take our RFD TV off the air.

Thank you
