I am sick and tired of this President making "HIS" own rules all while ignoring and disrespecting Our Constitution. This President has willfully, purposely, and arrogantly Lied about Obama care, Iran Nuclear agreement, Fast & Furious, Benghazi and who knows what else, all to Force "HIS" agenda and it is well past time to Stop OBAMA...Period. Obama and his regime have Scammed and spit in the face of the American People Long enough...time to stop this insanity NOW!
