CC Docket No. 02-33

Shell Rock Communications, Inc. hereby provides notice that it intends to cease offering wireline broadband internet access service on a tariffed basis. Effective July 1, 2016 Shell Rock Communications, Inc. will begin offering wireline broadband internet access service on a Title II, common carriage, permissive detariffed basis pursuant to paragraph 94 of the Federal Communications Commission's Wireline Broadband Order.¹ The geographic area affected is the Shell Rock Communications, Inc. exchange where DSL is technically feasible.

Today, this service is provided to B&B Transport Network, Inc. The ISP Purchases wireline broadband access service for uses as a component in the broadband internet service sold to residential and business customers. Each end user service provided will not be affected by discontinuance of the tariffed offering by Shell Rock Communications, Inc. As stated in the attached customer notice, Shell Rock Communications, Inc. will continue to offer services to existing ISP customers under current rates, terms and conditions until the end of their current term or upon replacement with a Broadband Commercial Agreement. Broadband Commercial Agreements will be made on a nondiscriminatory manner to any provider desiring to purchase wireline broadband access service for use as a component in its broadband internet service sold to consumers.

Effective July 1, 2016, Shell Rock Communications, Inc. will make its wireline broadband internet access service on a permissive detariffed, common carriage basis through f rates, terms and conditions in print copy during normal business hours at Shell Rock Communications, Inc. business office located at 715 Main St., Plainfield, IA 50666.
