Re: Use of Spectrum Bands Above 24 GHz For Mobile Radio Services, GN Docket No. 14-177, IB Docket Nos. 15-256 & 97-95; RM-11664; WT Docket No. 10-112

Dear Ms. Dortch:

On May 18, 2016, John Forrester, Sumit Verma, Andrzej Partyka, and the undersigned of Qualcomm Incorporated had a teleconference with members of the FCC's Office of Engineering and Technology and Wireless Telecommunications Bureau who are listed below. We discussed issues relating to the out-of-band emissions levels in the above-referenced proceedings. Consistent with its prior filings on this issue, Qualcomm encouraged the FCC to implement flexible technical rules to foster innovation and enable successful mobile deployments in the millimeter wave bands.

Respectfully submitted,

John W. Kuzin

John W. Kuzin
