To whom this may concern,

I submitted my BEAR form 472 originally on 10/29/15 for 4 accounts (listed below) on the USAC web page. I was late submitting these forms by one day. I did not receive an email confirmation.

I resubmitted the forms on 12/28/15 and did receive an email confirmation. I have now received my Bear Notification Letter Applicant Reimbursement Report and they show that I will be reimbursed 0.00 for the 4 accounts.

I would like to appeal these decisions. Is there anything that I can do to reverse this decision or at least get a portion of our reimbursement? I am still learning the process and am sorry for my tardiness.
