May 25, 2016

Dear Sir:

We are requesting reconsideration of the denial of our appeal to extend the Invoice Deadline date by the Bureau in its letter dated May 2, 2016 (DA NO. 16-448 released April 25, 2016).

The rules require that we file for an extension prior to the initial deadline. However we could not do so since we were not aware until after the deadline that the Service Provider had failed to update their registration for Funding Year 2014. We had filed the BEAR Form prior to the deadline of October 28, 2015. We were notified in a letter dated November 4th, 2015 that our BEAR Form was denied due to Service Provider Not Certified. We requested the Service Provider to update their registration after which we resubmitted the BEAR form but received a letter on January 15, 2016, denying the BEAR Form because the submission was out of date. We called Customer Service (Case# 42173) and were informed that we need to appeal the decision and request an extension of Invoice Deadline.

We appealed the decision in January 2016 and were denied again. We request reconsideration of our appeal due to the fact that we were made aware after the Invoice deadline that the service provider had not updated their registration.

We would like to request that the FCC grant us an invoice deadline extension so that we can re-file the BEAR Form. The particulars about the BEAR Form is as follows:

1. BEAR Form: Application Number: 977857; FRN: 2663848; SPIN: 143037224
2. Contact Information: Ms. Diane. W. Doersch
