

Request for Deadline Waiver on Form 470

BEN 170009746

Statement of interest:

I humbly request a deadline waiver for Form 470 application number 160046383. I did not request Landline voice service in our first Form 470. E-rate funding of our Landline voice service would greatly help in supporting our endeavor in providing quality education.

Statement of material fact:

This is my first E-Rate submission. ATCAA has use a consultant in the past. I submitted the initial Form 470 and did not realize that voice option was available. It is not until after submission that I realize my error. USAC help desk referred me to "A USAC Schools and Libraries program news brief, released on January 15, 2016", which identify a procedure to request a FCC waiver.

Question presented for review.

Please grant a deadline waiver for Form 470 application number 160046383 and subsequent Form 471 that will be based upon Form 470 application number 160046383.

Statement of relief

I will like to request a deadline waiver for Form 470 application number 160046383, and subsequent related Form 471 when submitted after the 28 day wait period.

Thank you.
