

Request for Waiver of FCC Form 471 Deadline -
Mogadore Local Schools, 1 South Cleveland Avenue,
Mogadore, Ohio 44260 - LOA Attached

Dear FCC E-Rate Program administrators:

After considering his school's E-Rate options, the business manager at Mogadore Local Schools decided to ask me to submit a Category 2 471 application to upgrade some of their aging network infrastructure - which I did. Unfortunately, this was the day after the defacto Form 470 application deadline, which didn't allow our 471 to be submitted until one day after the May 26th 471 deadline.

I was advised by our state E-Rate Coordinator and an SLD Helpline representative that I should wait the full 28 days, submit and certify the 471 one day late, and request an FCC waiver of the deadline at the same time.

Please consider this FCC request for waiver of the 2016-17 E-Rate Form 471 deadline for Mogadore Local Schools, (BEN 129555) FRNs #1699086244 & #1699086288, on 471 #161039822.

Thank You Very Much for Your Consideration.

Richard Kevern - consultant #16062162 - 177 Wilbur
