Dear Ms. Dortch:

Charter Communications, Inc. (“Charter”) hereby submits these comments in response to the Public Notice released by the Wireline Competition Bureau on April 7, 2016 in the above-captioned proceeding, with respect to both (1) its legacy systems (those Charter and its operating subsidiaries held prior to the closing on May 18, 2016 of its transaction to acquire Time Warner Cable, Inc. and its operating subsidiaries [“TWC”]) and (2) those systems attributable to newly acquired subsidiary TWC.

In the April 7th Public Notice, the Bureau requested that any unsubsidized competitors who wished to participate in the streamlined challenge process inform the Commission of any corrections made to their FCC Form 477 data. Also attached as Exhibit B is a list of census blocks that were removed from such legacy Charter December 2015 updated FCC Form 477.

On April 28, 2016, TWC submitted comments in response to the aforementioned Public Notice.¹ However, after those comments were filed, TWC submitted updated FCC Form 477 December 2015 data on May 17, 2015. As a result of the updated filing, attached as Exhibit C is a list of newly-serviceable census blocks that were not included in TWC June 2015 Form 477 filing, and listed as
